

Dear Friends,

In last month's letter I was rejoicing that I hadn't succumbed to Covid. I tested positive the next day! Happily after two very sleepy days I had no more than a heavy cold for the next few days, so it didn't slow me down that much. Happily the rest of the family didn't go down with Covid.

CENTRAL CHURCH, SWINDON – Last Wednesday we had a meeting to pray and discuss the possibility of the church's wonderful buildings being used as a hub for Christian social action in the centre of the town. About forty people attended which was a huge encouragement. They represented a number of different churches and organisations and there was a very strong conviction that it would be good to take this forward. Please pray that we will gain a clear idea as to how this can be progressed.

C – We continue to be deeply grateful for the interest that you show in our foster daughter. She is now 12 and has been with us for six years. She is co-operative and helpful at home, but school continues to be a daily struggle. She is generally resistant to her teachers and regularly gets detentions. A significant part of the problem is that she is dyslexic and has a reading age of about 6½. Please pray for us, the social workers and school staff as we seek to support her.

Thank you, as ever, for your interest and prayers.

Yours ever,

Jonathan
